Learn to Swim pricing

As we are not able to offer our regular group lessons during Term 1 our pricing is based on time and not per child. The above prices are for private lessons. You have the option to choose between a private lesson or a shared lesson.

For example, if you choose to enrol in a shared lesson, we will place your child in a lesson of similar ability and the cost is split amongst your group. i.e. for a group of 2 children in a 30 minute lesson the cost will then be \$325 per child per term.

There is a maximum of 2, 3 or 4 children per group lesson depending on level.

Squads

Our squad program caters for mini squads and fitness based squads for the whole school community and focuses on the development and refinement of great technique and progresses swimmers towards the learning of sound training techniques. Our experienced coaches will be conducting a program teaching all squad swimmers the skills they will need in preparation for their school swimming carnivals in a fun and enjoyable session. Start, finishes and sprinting will be a focus. Group lessons only.
